## Scented Revitalizing Treatment for Evaporators - Ready to Use

The Scented Revitalizing Treatment for Evaporators **LUXEDO** is a perfumed product of rapid application and effectiveness for the complete maintenance of indoor units. Removes organic residues and dirt accumulated over time, slowing down even its new formation. It also has an intense sanitising action.

**LUXEDO** is not aggressive for the surfaces and can be frequently used to keep the efficiency of the air conditioning system. It is safe for the operator and leaves a pleasant fragrance of cleanliness.

It is suitable for the HACCP plan.

**Instructions:** **LUXEDO** is ready to use, requires no dilution or rinsing. Spray a sufficient quantity of product on the surface to be treated, wait five minutes and, if necessary, dry with a soft cloth.

**LUXEDO** must be used by experienced professionals, provided with the specific personal protective equipments.
