Scented Regenerating Treatment for Evaporators with Anticorrosion Power Dilution 1:3

The Perfumed Regenerating Treatment for Evaporators with Anti-Corrosion Action **SWORD** is a scented product with fast and effective action, which is useful for the complete maintenance of the internal units. It is an efficient and safe acid cleaner. It easily removes organic residues, grease, stubborn dirt and corrosion, also preventing their future formation. It also has an intense sanitizing action.

SWORD is not aggressive for the surfaces and can be used frequently to maintain the efficiency of the Air Conditioning System. It is safe for the operator and leaves a pleasant fragrance of cleaning.

It is suitable for the HACCP plan.

Instructions: Dilute **SWORD** with water (1:3). Spray the product on the surface to be cleaned, wait five minutes and then rinse thoroughly. Dry the surface with a clean cloth. In case of strong corrosion, facilitate the superficial removal with an abrasive material. Avoid contact with delicate materials.

SWORD must be used by an expert operator, provided with specific personal protective equipment.
